# FREE<sup>^</sup> CONTOUR<sup>®</sup>NEXT Blood Glucose Meter

with purchase of CONTOUR<sup>®</sup>NEXT  
test strips & MICROLET<sup>®</sup> lancets

NDSS Code 195

**ASCENSIA**  
Diabetes Care

# For optimal self-monitoring use:

**Always read instructions for use. Consult your healthcare professional if this product is right for you.**

^Limit of one (1) free CONTOUR®NEXT blood glucose meter with a minimum purchase of one (1) box of CONTOUR®NEXT strips and one (1) box of MICROLET® lancets for those recommended to monitor blood glucose levels. \*Minimum accuracy requirements of ISO15197: 2013 Section 6.3 standard require  $\geq 95\%$  of the measured values to fall within  $\pm 0.83$  mmol/L at glucose concentrations  $< 5.5$  mmol/L or within  $\pm 15\%$  at glucose concentrations  $\geq 5.5$  mmol/L compared to the reference method. † An ad hoc analysis demonstrated that 95% of the results were within the error range  $\pm 0.3$  mmol/L or  $\pm 5.3\%$  of the laboratory reference values for glucose concentrations  $< 5.5$  mmol/L or  $\geq 5.5$  mmol/L, respectively. 1.
